FUNCTION AND PURPOSE

The Board of Directors (the “Board”) of Hemlo Mining Corp. (the “Company”) is responsible for the supervision of the management of the business and affairs of the Company. The Board, directly and through its committees, provides direction to senior management, generally through the President and Chief Executive Officer (the “CEO”), to pursue the best interests of the Company. The Board’s fundamental objective is to act in the best interests of the Company to enhance and preserve long-term shareholder value while at the same time considering the legitimate interests of the Company’s other stakeholders, including the Company’s employees, customers and communities. The Board must act honestly and in good faith with a view to the best interests of the Company.

COMPOSITION AND ORGANIZATION**Membership and Qualifications**

Composition: The Board will be comprised of at least three directors and not more than ten directors, with such number to be fixed by the Board, from time to time, upon the recommendation of the HSE & Technical Committee. Directors are elected annually by the Company’s shareholders in accordance with applicable laws, including the Canada Business Corporations Act (the “Act”), securities laws, rules, regulations and guidelines, as well as the requirements of any stock exchange on which the Company’s securities are listed (collectively, “Applicable Law”).

Independence: Prior to graduation to the Toronto Stock Exchange main board, a majority of the Board must qualify as “independent” and meet the experience and expertise requirements of Applicable Law, including, for greater certainty, National Instrument 58-101 - Disclosure of Corporate Governance Practices.

Executive Chair and Lead Director: The Board will appoint one member to act as the chair of the Board (the “Chair”) and will set out his or her duties and responsibilities in a position description. Where the Chair is not independent, as determined under Applicable Law, the Board will also appoint one member to act as the independent lead director (the “Lead Director”), and will set out his or her duties and responsibilities in a position description.

The Chair may be removed from the position at any time at the discretion of the Board. The incumbent Chair will continue in office until a successor is appointed or he or she is removed by the Board or ceases to be a director of the Company. If the Chair is absent from a meeting, the Lead Director, if any, will preside at the meeting, and were there is no Lead Director appointed or present at the meeting, the Board will, by majority vote, select another director to preside at the meeting.

Board Committees

The Board may delegate certain matters for which it is responsible to one or more of the committees of the Board (the “**Committees**”).

The Board has established the following standing committees: the Audit Committee; the Compensation Committee; and the HSE & Technical Committee. Subject to Applicable Law, the Board may establish other Committees, including ad hoc Committees, or merge or dispose of any Committee not otherwise required by Applicable Law. In consultation with the E&S, ESG & Technical Committee, the Board will review the appropriate structure, size, composition, mandate and members of each Committee, and approve and modifications to such items as considered advisable.

Meetings

Frequency: The Board will meet at least once each quarter, with additional meetings held as deemed advisable, at such times and locations (if any) as the Chair deems necessary to fulfill the Board’s responsibilities. The Board will conduct meetings of the Board in accordance with the Company’s articles and by-laws. The independent directors shall meet, without non-independent members and members of management, at each regularly scheduled meeting. The independent directors may also meet at such times and with such frequency as the independent directors consider necessary.

Agendas and Notice: The Chair, in consultation with the Corporate Secretary, the Chief Executive Officer and the Lead Director (as applicable), will establish the meeting dates and the meeting agenda. The Corporate Secretary will send notice of each Board meeting and information concerning the business to be conducted at such meeting to each director not less than 48 hours prior to each meeting, provided that, except where the Act requires the notice to specify the purpose of, or the business to be transacted at, the meeting, notice need not be sent for any regularly scheduled meeting. The Chair, or a majority of the directors, may call a special meeting of the Board at any time. Attendance at a meeting shall constitute a waiver of notice of such meeting, except attendance for the express purpose of objecting to the notice.

Holding and Recording Meetings: Board meetings may be held in person, telephonically or by other electronic means, or action may be taken by written consent in accordance with the Act. The Board may act by a majority vote or unanimous written resolution. The Board will keep written minutes of its meetings. The Corporate Secretary will circulate minutes of all Board meetings to the Board and will file all minutes of meetings, or written resolutions in lieu of a meeting, in the Company’s minute book.

Each director is expected to attend all meetings of the Board and any Committee of which he or she is a member and is expected to review and be familiar with Board and Committee materials which have been provided in sufficient time for review prior to the meeting.

The Board and the Chair may invite any officer or employee of the Company or any advisors as it deems appropriate from time to time to attend Board meetings (or any part thereof) and assist in the discussion and consideration of matters relating to the Board.
