## **Hemlo Mining Corp. Announces Graduation to the Toronto Stock Exchange**

***Trading to begin at market open on Monday, June 15, 2026***

**Toronto, Ontario, Canada – June 10, 2026** – Hemlo Mining Corp. (TSXV: HMMC) (OTCQX: HMMCF) (the “Company” or “Hemlo Mining”) is pleased to announce that it has received final approval to list its common shares (the “Common Shares”) on the Toronto Stock Exchange (the “TSX”) and graduate from the TSX Venture Exchange (“TSXV”). The Common Shares will begin trading on the TSX at market open on Monday, June 15, 2026 and will continue to trade under the current stock symbol, “HMMC”.

In connection with the TSX listing, Common Shares will be voluntarily delisted from the TSXV, effective as of the close of market on Friday, June 12, 2026. Shareholders are not required to exchange their share certificates or take any other action in connection with the TSX listing, as there will be no change in the trading symbol or CUSIP for the Common Shares.

**Jason Kosec, President, CEO & Director of Hemlo Mining, commented:** “Graduating to the Toronto Stock Exchange marks a significant milestone for Hemlo Mining and reflects the disciplined execution of our capital markets strategy. The TSX is home to many of the world's leading gold producers, and we expect this listing to broaden our shareholder base, enhance trading liquidity, and provide eligibility for potential index inclusion. This is an important step as we continue to advance the Company’s standing in the global gold equity market.”

### **About Hemlo Mining Corp.**

Hemlo Mining Corp. is a Canadian gold producer focused on operating and enhancing the Hemlo gold camp in northwestern Ontario. The Company’s flagship asset, the Hemlo Gold Mine, has produced approximately 25 million ounces of gold since 1985 from both underground and open pit operations. The Company’s fit-for-purpose strategy is centered on maximizing the value of the mine through improved operating efficiency, production growth, and mine life extension. Hemlo Mining is led by an experienced team with a track record of value creation in the global mining sector.

## **Forward-looking Statements**

This document contains certain forward-looking information and forward-looking statements within the meaning of applicable securities legislation (collectively “forward-looking statements”). The use of words such as “expects”, “anticipates”, “plans”, “will,” “may”, “should” and similar expressions are intended to identify forward-looking statements. Forward-looking statements contained in this press release include statements regarding: the voluntary delisting of the Company’s Common Shares from the TSXV as of the close of market on Friday, June 12, 2026 and the commencement of trading of the Company’s Common Shares on the TSX at market open on Monday, June 15, 2026; the Company’s expectation that the TSX listing will help broaden its shareholder base, enhance trading liquidity and provide eligibility for potential index inclusion; and the Company’s goals, plans, commitments, objectives and strategies.

These forward-looking statements are provided as of the date of this news release, or the effective date of the documents referred to in this news release, as applicable, and reflect predictions, expectations or beliefs regarding future events based on the Company’s beliefs at the time the statements were made, as well as various assumptions made by and information currently available to the Company. In making the forward-looking statements included in this news release, the Company has applied several material assumptions, including, but not limited to: the successful integration of the Hemlo mine; the future price of gold; anticipated costs and the Company’s ability to fund its programs; the Company’s ability to carry on exploration, development, and mining activities; currency exchange rates remaining as estimated; prices for energy inputs, labour, materials, supplies and services remaining as estimated; the timing and results of operational plans; mineral reserve and mineral resource estimates and the assumptions on which they are based; the timely receipt of required approvals and permits; the timing of cash flows; the costs of operations; the Company’s ability to operate in a safe, efficient, and effective manner; the Company’s ability to obtain financing as and when required and on reasonable terms; that the Company’s activities will be in accordance with the Company’s public statements and stated goals; and that there will be no material adverse change or disruptions affecting the Company or the Hemlo mine. Consequently, there can be no assurances that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements.

We caution readers not to place undue reliance on these forward-looking statements. Forward-looking statements involve significant known and unknown risks and uncertainties, which could cause actual results to differ materially from those anticipated. These risks include, but are not limited to: uncertainty and variations in the estimation of mineral resources and mineral reserves; risks related to the Company’s anticipated indebtedness and gold stream obligations; risks related to exploration, development, and operation activities; political risks, delays in obtaining or failure to obtain governmental permits, or non-compliance with permits; environmental and other regulatory requirements; uncertainties related to title to mineral properties; water rights; risks related to natural disasters, terrorist acts, health crises, and other disruptions and dislocations; financing risks and access to additional capital; risks related to guidance estimates and uncertainties inherent in the preparation of pre-feasibility studies; uncertainty in estimates of production, capital, and operating costs and potential production and cost overruns; the fluctuating price of gold; unknown liabilities in connection with the acquisition of the Hemlo mine; global financial conditions; uninsured risks; climate change risks; competition from other companies and individuals; conflicts of interest; volatility in the market price of the Company’s securities; the

Company's limited operating history; litigation risks; the Company's ability to complete, and successfully integrate the acquisition of the Hemlo mine; intervention by non-governmental organizations; outside contractor risks; risks related to historical data; risks related to the Company's accounting policies and internal controls; shareholder activism; and other risks associated with executing the Company's objectives and strategies.

Except as required by the securities disclosure laws and regulations applicable to the Company, the Company undertakes no obligation to update these forward-looking statements if management's beliefs, estimates or opinions, or other factors, should change.
